

## Chas. O. McCullough Dies From Stroke

**HELD OFFICES OF TRUST, FORMER MAYOR.**

Grayling people were immeasurably saddened by the passing of Charles O. McCullough, pioneer business man of this city, who passed away Saturday, July 25, at his home, following a severe stroke. He had been stricken at a very early hour and did not regain consciousness, passing away at 11:30 o'clock that same morning.

Charles O. McCullough was born at Waterford, Ontario, October 3, 1862, and came to Michigan with his parents when a boy of fourteen years.

His father was a shoemaker by trade and Mr. McCullough became interested in that work at a very early age. It was at the tender age of 12 years, that he first established himself in that business by constructing his first shoe. After that time he devoted his time to assisting his father in his shop, first in Canada, later in Bay City, and finally here in Grayling, where they set up a shop where the hotel Annex now stands. The lumber industry was at its height in those days and the two worked side by side turning out shoes and boots for the lumbermen in the camps and for village residents, as well as enjoying an excellent repairing business.

After he had become firmly established in the trade, his father built up a business of his own, dealing in agricultural implements, cream separators, gasoline engines, and buggies. Left to his own resources, Mr. McCullough continued the fine business established by his father and also dealt in harnesses and horse furnishings. As a result of his excellent work his chosen vocation became a profitable one.

Since that time Mr. McCullough could always be found during business hours, working painstakingly at the cobbling trade right up until the time he was stricken.

Mr. McCullough took an active part in village affairs. In March, 1911, he was elected to the important office of President of the village; serving in this capacity faithfully and to the best of his ability. He was again placed in that office in 1931 and served for one year. He also served as Township Clerk and twice as Village Trustee, once in 1905 and again in 1934.

He has long been a member of the Independent Order of Odd Fellows, and an enthusiastic member of the Modern Woodmen of America.

He was united in marriage to Anna Cameron in 1887 and to this union four children were born, namely: Mary, deceased; William, Jean and Ruth.

Mr. McCullough has always stood high in the esteem of his neighbors and friends, and will always be remembered by them as a man of high ideals—a typical reminder of the type of man who

battled against great odds to make Grayling a village to be proud of. It is in this way that his family and friends will always remember him.

The deceased is survived, besides his widow, by three children; William, and Mrs. Spencer Holst, of Detroit, and Miss Jean, of New York, also one brother, George, of Grayling.

Funeral services were held Tuesday afternoon at 2:00 o'clock, at the home. Rev. Edgar Flory officiated and Mrs. C. G. Clippert, Mrs. H. J. Gothro, and Mrs. Harold Jarmin sang several beautiful hymns. Those who acted as pallbearers were: Nikolai Schjotz, O. W. Hanson, Paul Ziebell, Axel Peterson, E. G. Clark, and Chris Johnson. Interment was in Elmwood cemetery.

Here from out of town to attend the services were: Miss Jean McCullough, New York; Mr. and Mrs. Spencer Holst, William McCullough and family, Detroit; Mr. and Mrs. R. B. Cameron, James A. Grant, Mrs. H. Higginbottom, Kenneth Cameron, of Detroit; Mr. and Mrs. P. J. McKian, of Wolverine; Wm. Murchison and Mrs. Binder, Lansing; Mr. and Mrs. John Vanderhoff, Kalamazoo, and Clarence Sisson and family, Gaylord.

## Big Carnival Opens August 4

**Percentage of Proceeds Go to Legion Drum Corps**

Beginning next Tuesday, Aug. 4, and lasting until the 9th, the Happyland carnival company will show in Grayling. The big tents will be set up in the downtown section and there will be fun for old and young, even an old fashioned bowery dance in the evening. The carnival is bigger and better than the one that showed here last year, and there will be 6 big days and nights of entertainment for Grayling folks and people of the surrounding communities.

And the best part of the show is that Grayling Legion drum and bugle corps will receive a percentage of the entire proceeds. The money derived is to complete the purchase of uniforms for the members of the Corps. You will be boosting for the Corps by taking in the carnival.

**31 CONFIRMED TUESDAY AT ST. MARY'S CHURCH**

Bishop Joseph Pinten of the Grand Rapids diocese was in Grayling Tuesday and confirmed 10 adults and 21 children at St. Mary's church. The service took place in the afternoon. Accompanying Bishop Pinten were Monsignor Volkert and Rev. Fr. Edmond Folicki of Grand Rapids.

## K. & H. Co. Buy Mill, Timber Tract

**TO MILL TIMBER AND SHIP TO GRAYLING**

Last week announcement was made of the purchase of extensive timber holdings and mill at Big Bay, near Marquette, by Kerry & Hanson Lumber Co. Tract is estimated to have 80,000,000 feet of timber. This will be manufactured at the mill in Big Bay.

The purchase was made from the Brunswick Lumber Co. at their offices in Chicago on June 16th by officials of the local company, with John J. Walsh, an attorney at Marquette, representing the Brunswick company.

Immediately after the completion of the transactions of the purchase, Mr. Hill, accompanied by Albert Lewis, who is to have charge of timber operations, went to Big Bay to set up plans for the commencement of operations.

Immediately a crew of men went to work repairing and altering the mill, which it is expected, will require from eight to 10 weeks. Immediately after the mill is ready for operation, between 100 and 125 men will be put to work in the mill and in the woods.

The Big Bay mill will be the K. & H. company's chief source of supply for its large flooring plant in Grayling, and promises to give them at least 10 years' supply of timber.

The timber holdings acquired by this transaction, one of the largest in Michigan, consists of three main tracts, each convenient for transportation of timber to the mill at Big Bay. Once again the woodsman's axe is going to ring out in Michigan and Big Bay and Marquette business men as well as laborers are jubilant over the prospect of renewed prosperity for that region.

The officials of the K. & H. company are to be congratulated for their enterprise and progressiveness. Grayling too is to share in this prosperity by assured continuation of the local extensive mill operations here at home. This is Grayling's largest and finest industry.

## Primary Election Candidates File

**REPUBLICANS FILE FULL TICKET**

The date for filing petitions for nomination in the primary election of September closed at 4:00 o'clock Tuesday afternoon, July 28th. At that hour the time for filing petitions anywhere in Michigan closed.

Crawford county will present two tickets—Republican and Democratic. The former showed candidates for every office, while the Democrats lacked a number of petitions. The primary campaign is now on and an interesting campaign may be expected.

Sheriff Frank Bennett will have no opposition either in the primary or the general election next November. The same is true for Merle Nellist for prosecuting attorney, and for circuit court commissioner; E. L. Houghton, republican, is a lone candidate for the office of county surveyor, and Arthur E. Wendt and Harry Sorenson have no opposition for the office of coroner. Two are to be elected. Following is a list of petitioners for nomination:

**Republican**  
Sheriff—Frank Bennett.  
Clerk—Austin J. Scott and Alvin LaChappelle.  
Treasurer—William Ferguson and Helen Babbitt.  
Prosecuting Attorney—Merle F. Nellist.  
Probate Judge—Charles E. Moore.

Circuit Court Commissioner—Merle F. Nellist.  
Register of Deeds—Carl W. Peterson.  
County Road Commissioner—Rufus Edmonds and Ernest P. Richardson.

Surveyor—Esmond Houghton.  
Coroners—Arthur E. Wendt and Harry Sorenson.

**Democratic**  
Clerk—Axel Peterson.  
Treasurer—Theodore Leslie.  
Probate Judge—Clayton McDonnell.  
Register of Deeds—Ronnow Hanson.  
County Road Commissioner—C. S. Barber.

Candidates for state and district nominations will be listed in our issue of next week.

The primary election will be held on Tuesday, September 15th.

## WOULD BAR CANDIDATES FOR ROAD COMMISSIONER

Mandamus proceedings have been filed against County Clerk Axel Peterson enjoining him from placing upon the primary election ballot the names of candidates filed for the office of county road commissioner, by Prosecuting Attorney Nellist.

At a recent special session of the board of supervisors a resolution was passed empowering that body to appoint members of the county road commission. In the past this was left up to the voters of the county to elect such members.

Prosecuting Attorney Nellist says that a decision by the supreme court gives the supervisors the right to decide which method of naming the members of that board shall be employed.

Three candidates have filed petitions for nomination for that office: Rufus Edmonds and Ernest P. Richardson, republicans, and C. S. Barber, democrat.

The action by the board of supervisors was taken on the request of a number of petitioners, 11 of whom were residents of Maple Forest, 12 of Lovells, and 18 of Frederic.

The matter will have to come up before Circuit Judge Edw. A. Bilitzke in the near future, for determination.

## Arthur Skingley Dies From Burns

**WAS FORMER SUPERVISOR OF BEAVER CREEK**

Arthur Skingley, a lifelong resident of Beaver Creek and at one time supervisor of that township passed away at Mercy Hospital Saturday morning at 9 o'clock of burns received the day previous. Mr. Skingley was soldering a leak in a water tank in the attic of the farm home where he lived with his wife and daughter and his mother Mrs. Bertha Skingley. Using a blow torch he was in the act of pumping it up when it exploded, throwing the flames over him and setting fire to his clothes and to the room. His father-in-law Samuel Forster, who was helping him also was badly burned, and is still a patient at Mercy Hospital.

Mrs. Skingley and her father succeeded in quenching the flames on Mr. Skingley as he ran through the house, but not until he was severely burned. Capt. G. E. Murphy and several CCC boys rushed to the scene and the former took Mr. Skingley to the camp and gave him first aid and then to Mercy Hospital. The enrollees worked heroically to save the home and succeeded in removing much of the household furniture to safety, but the home was totally destroyed. This had been the home of the Skingley family for a long number of years.

**Arthur J. Skingley**  
Mr. Skingley was born in the family farm home in Beaver Creek township, Oct. 22, 1899 to Mrs. Bertha Skingley and the late John R. Skingley, and he had always lived there. He was an ambitious and enterprising young man so much so that he was chosen to serve his township as supervisor for two terms during the years 1930-1932. He was of a happy disposition and made friends wherever he went. Mr. Skingley was united in marriage twice the first time to Miss Susanne Krichay of Beaver Creek August 4, 1926, who passed away March 18, 1930. To the union two children were born, the oldest of whom, Eleanor Katherine, died in 1934, and Patricia Bertha who survives. His second marriage was to Edith Forster of Beaver Creek, Dec. 16, 1933. Besides his wife, daughter and aged mother the deceased is survived by one sister and three brothers, Mrs. Julius Paul, Ray, George and Harold Skingley.

Funeral services were held Monday afternoon with services at Michelson Memorial church, Rev. Edgar Flory officiating. Neighbors, some of whom were lifelong friends of the deceased, bore him to his last resting place, —Will Love, Lynn Kile, Homer Annis, Hjalmar Mortenson, Frank Millikin and Rube Lester. Interment was in Elmwood cemetery.

Mrs. Skingley and other remaining members of the family have the sympathy of the community in their sad misfortune and bereavement.

## To Prison For Gross Indecency

From Roscommon Herald News  
—Since the first of the week two men, one around 80 and the other about 47, have been arrested here, charged with gross indecency with young boys.

The first, J. D. Rogers, who came here from Luzerne about the first of May was arrested by Deputy Sheriff John McNeil. In Justice Kiely's court Monday he pleaded not guilty but yesterday changed his plea to guilty and at the same time admitting that he had served time before for a similar offense. A few hours after his arrest, boys made the remark that another around town was as guilty as he and officers arrested Jack Clark on the same charge. He pleaded guilty without hesitation Wednesday morning.

At the request of local officers, Judge Bilitzke of Gaylord held a special session of circuit court during the afternoon, sentencing Rogers to four years at the State Prison for Southern Michigan at Jackson and Clark to from 2½ to 5 years at the same institution.

## Farm Planning Examinations

The United States Civil Service Commission has announced open competitive examinations for Soil Conservationists (Farm Planning) in the Soil Conservation Service, Department of Agriculture. Applications will be received until August 24, 1936.

The salaries range from \$2,600 to \$4,600 a year, less a retirement deduction of 3½ percent.

Competitors will not be required to report for examination at any place, but will be rated on their education and experience. They must have completed a full four-year course in agriculture leading to a bachelor's degree in a college or university of recognized standing, and in addition, must have had certain experience.

Full information may be obtained from Farnham Matson, Secretary of the U. S. Civil Service Board of Examiners, at the post office in this city.

## Ladies Golf Club

A two-ball foursome followed by a pot-luck dinner always seems to bring a big turnout at the Golf course and Sunday was no exception.

In the tournament three sets tied for first place. These included: Miss Taggart of Saginaw and George Olson; Mrs. Esbern Olson and Bill St. Johns; Mrs. Menno Corwin and Oscar Hanson.

The pot-luck that followed was a success in a big way also, leaving the crowd crying for more of such occasions.

In the ladies flag tournament which was held the Wednesday before Mrs. C. R. Keyport had the low score and won the match.

Fifteen ladies of the Ladies Auxiliary were guests of the Gaylord Golf club Tuesday. In the golf tournament Miss Dorothy Henning had the low score for Grayling. A contract game was given for those not playing golf, following the luncheon. Every one present spent a very delightful day with the Gaylord club.

## MRS. FUNCK TO BE GUEST OF CIRCUS MANAGEMENT

Mrs. Susan Funck, Grayling, 92-years young, and matriarch of Crawford county, hasn't seen a circus since 1874, the year she and her young husband together with their four small children set out from New York City to face a new life of trials and hardships in an unsettled country.

With the characteristic vigor and enthusiasm of youth, Mr. and Mrs. Funck set about making a home in a land that was in 1874, uncharted and is now the prosperous county of Crawford.

Today, after sixty-two years, Mrs. Funck will see another circus, which will, perhaps bring Reminiscence of childhood days beside the German Rhine, where she was born, or youthful days in the rising modest city of New York.

A representative of the veteran circus man, Walter L. Main, visited Mrs. Funck Friday and invited her and her family to the Walter L. Main Circus at Grayling, Saturday, as guests of the

## Emergency Relief Staffs Reduced

Administrative staffs of the county emergency relief offices, exclusive of Wayne county, have been reduced in even greater proportion than the total case load during the fiscal year ending June 30, according to a report issued by George F. Granger, Assistant State Relief Administrator. The case load of 82 counties has dropped from a total of 109,543 in July, 1935, to 35,858 in June, 1936, a decrease of 67.3 percent. But the administrative staffs during the same period were cut by 68.5 percent.

Mrs. Laura Olson, administrator of the local office, reports: On June 30, 1935, there were 11 persons on the E. R. A. staff. There were 230 families with 1135 individuals on the relief roll in Crawford county.

At the present time there are three persons on the staff, and 120 families with 540 individuals on relief here. There is a reduction of 86.2-3% in the local administration expense and a reduction of 73% in the staff.

According to reports by Mr. Granger, assistant state relief administrator, this condition prevails thruout the state.

**The Signet Ring**  
Early in the history of man the ring took on great significance as a signet emblem. The high priests among the Jews wore such a ring as a badge of office and authority. Pharaoh placed his signet ring on the finger of Joseph to show all of his subjects that he had granted royal authority to this translator of dreams to administer food relief during the great famine of Egypt.

In discussing earlier days with the circus representative, Mrs. Funck, who belies her 92 years, told of life in 1874 with only Indians as neighbors, of the impressive beauty of Michigan as she first viewed it and of the struggle to make a living in the new land.

## Walter L. Main Circus Here Sat.

Saturday is circus day in Grayling where the Walter L. Main circus celebrating its 50th Anniversary will play an engagement of one day with performances at 2 in the afternoon and 8 at night. The doors will open one hour earlier and a free exhibition will be staged on the circus grounds at 12:30 noon and 6:30 at night. An air conditioned tent will be used and ample free parking space will be provided. The circus will arrive shortly after daybreak and to the delight

will be in proper place long before noon. The popcorn and circus candy man will make appearances early, the leather lung butchers and side show splendors will test their voices and everything will be in readiness for the handling of a great crowd to witness the biggest circus that Walter L. Main has ever brought to town.

Tarzan, the Human Ape will arrive in his own palace car that comprises upholstered furniture, tiled floors, Pullman berths and all other luxuries. Tarzan is assured of a royal reception and will more than live up to his billing as the most sensational attraction that has ever appeared with a tented organization.

Two beautiful girl aerilists, posed with Jumbo, Jr., as a sample of the glorious youth and beauty to be seen with the Walter L. Main Circus at Grayling Saturday.

The admission price has been reduced for the engagement Saturday of The Walter L. Main Circus.

## Down Stream

By H. B. Smith, III

Although the fishing was good soon after the much-needed rain, it has slackened quite a bit in the last few days. Many more people have been fishing the water from the Stephan bridge to the mouth of the North branch and there is a possibility that this water is becoming over-fished. The fish are always there though if one can catch them, and on a cloudy day the spent-wing Adams and lady beaverkill will give good results. Last week the Stephens report a catch of thirty fish by floating from their cabin to the North branch, and many other people have had similar luck.

We hear that Jimmy Feldhauser is out of the hospital and doing well after his illness. Good work Jimmy!

Although rattlesnakes are very scarce in this part of the country, there have been several killed here lately. We don't believe they are coming back in full force but there are still a few left over from the past.

Last Monday five canoes started down stream from Camp Island Lake in Oshtemo county. They were headed for Mio. Oh Mio oh my. (pardon)

The beavers along the river have been using a good job lately and one can see many popple trees which have been chewed down by the destructive animals. There also seem to be an unusual number of ducks on the river this year. We hope they will still be there when the works all done in the fall.

Because of a trip East next week end we are turning this column over to Jack Redhead who will probably do better than we have all year as it won't be his first experience with newspaper work.

This week we have a story that tops all of the others put together. It seems that two boys took a pleasure trip down the river one day and left without a fishing rod in their boat. When they arrived at their destination there was a fish in the boat, and it had not been there before they started. The solution is that a fish, jumping for flies, jumped so close to their boat that it landed in the boat and was carefully put in the well. Although this sounds fishy,

we have full proof that it happened, as one of the boys in the boat was my brother.

## DOUBLING MONEY

IN THIS trick, the magician begins by taking up a collection. He asks persons to place coins on a small tray, counting the money as they place it there.

After several coins have been collected, the magician lets them slide into the hands of another spectator, who is then asked to count the coins, replacing them on the tray, one by one.

To his amazement, the holder of the coins discovers that he has twice as many coins as he thought. The magician appropriates the coins that came from nowhere.

The extra coins are actually the magician's. He holds them beneath the tray, with his fingers, while he collects money from the audience. In sliding the visible coins from the tray, he lets the hidden coins slide from beneath. All go into the hands of the spectator.

## THROUGH A Woman's Eyes

By JEAN NEWTON

### ON AMERICAN WIVES CRUSHING THEIR HUSBANDS

"DEAR Jean Newton—What do you think of the English novelist who says that American women make their husbands their tools by their insistence that they are mentally superior to them?"

"Soon after they are married," she says, "they begin letting a husband know that a man who spends his days at a business office can't help being a dull clod and that, therefore, he should, keep pretty quiet at home. And if we want a better world," she says, "we may as well realize that it must be one in which a man can feel free to take pride in his strength and his importance! Finally," she says, "we ruin our men's futures by making them feel inferior at home. For the insecurity that comes over a man when his wife rules him out of conversations on cultural subjects or refuses to let him select the curtains for his room, soon spreads through his system and makes him afraid in business."

"What do you think of all this?"

I believe there is in it just a scintilla of truth. And that is that among the great number of women freed by their husband's daily struggle to leisure which permits them cultural interests and developments, there are some small souls who exaggerate the significance and importance of their little studies or accomplishments to the point of a superiority complex.

I do know a woman whose husband, a hard working business man with a keen intelligence and broad sympathies, if narrow in his interests, has always supplied her with luxury and the leisure to enjoy it. Though among the leaders in his particular "line" he would ever be an ignoramus when it came to modern trends in the arts, the subject she happened at one time to be studying. And this woman did adopt a superior attitude. But—her husband was neither shamefaced nor crushed—he was amused!

That is the point about the American businessman—husband who seems to have caused one author so much concern. I have never known one who wanted to select his curtains—or who took terribly to heart accomplishments of his wife in which he could not share. Indeed it has always seemed to me that it was not because of how hard they work, any more than for mental inability, that these men's interests are narrow, but because they just don't care, and are inclined to make a joke of subjects which are not among their prime concerns. That is what I think of the matter.

### LUNCHEON DISHES

FOR a delicious luncheon dish which will appeal to most tastes the following will be enjoyed:

**Stuffed Peppers With Mushrooms**  
Wipe the mushrooms carefully and break into pieces. Use the field mushrooms that may be had for the gathering. Cook in a tablespoonful or two of butter, add one-half cupful of cream, three tablespoonfuls of soft bread crumbs, salt, pepper, and the beaten yolk of an egg. Fill the peppers that have been prepared by removing the veins and parboiling for five minutes, then drain and fill. Place in a baking dish or in gem pans with a little water in each. Cover with buttered crumbs and bake until the crumbs are well browned.

**Luncheon Potatoes**  
Chop rather fine enough cold boiled potatoes to make a quart. Melt four tablespoonfuls of butter or sweet fat in a saucepan and add the potatoes. Mix well, add two tablespoonfuls of flour mixed with a cupful of milk. Stir well, cover and cook slowly for ten minutes. Add two hard-cooked eggs chopped and season well.

**Ginger Ale Salad**  
Soften one-fourth of a package of gelatin in one-fourth of a cupful of water, dissolve over hot water; add a grating of lemon rind and one and three-quarters cupfuls of ginger ale. Turn into molds and set away to chill. Serve very cold on heart leaves of lettuce with a mayonnaise dressing to which three or more tablespoonfuls of cocktail sauce have been added.

For a lemonade that is always ready to serve take a cupful each of lemon juice, two cupfuls of sugar, boil together for five minutes, then bottle. Serve a tablespoonful or two of the syrup over cracked ice, fill the glass with water.

**CHARLES O. McCULLOUGH**

At the time the writer came to Grayling—July 8, 1911—Charles O. McCullough was village president. He was among our first Grayling acquaintances. His shoe shop was then located in the building now occupied by the Mills jewelry store. It was a pleasure to visit his shop and have a chat with him. Thru him we learned to know a lot about Grayling and Grayling people. And we have never forgotten that, right from our early impressions, we regarded him as one of Grayling's loyal citizens; a man in whom we could put our trust and confidence. Charles and George McCullough had many friends and we have never heard of any enemies. They were splendid citizens. Our experiences with Charles in his official capacities were always pleasant and friendly. And we doubt if ever Grayling had an official who did his work more conscientiously and well than he. His books and records were exact and well kept, in which he had a just pride. We particularly recall his interest in our cemeteries and how he promoted the planting of flowers and shrubs, and improving those places generally. In this and many more activities he devoted much thought and time. And he loved the out doors and field and stream pastimes. He enjoyed baseball and could be seen at the ball park whenever time would permit him to leave his duties. Fishing too was a favorite sport with him, and he enjoyed going out with fishing parties and eating fish dinners on the river banks, where men get better acquainted and friendships are firmly cemented. As he became older and had to give up some of these activities, he still reflected that fine cheerful friendliness. Charlie was honest, he liked people and people liked him. There are many fine things for which he will be remembered and many good friends to revere those memories. He was an exemplary husband and father and good neighbor.

Henry B. Smith Jr., and sons, Henry B. III and Fred, are driving to Detroit today and from there will board a plane and fly to New York, for a few days stay.

**ST. MARY'S TO OBSERVE GOLDEN JUBILEE**

St. Mary's church has issued invitations to former members of the parish who have moved away, to attend the Golden Jubilee of the church that will be held in August. The dates for the celebration are set for the 15th, 16th and 17th, and extensive plans are being made for its observance.

The program includes a High Mass for the living members of the parish on Saturday, Aug. 15 and a requiem high mass for the deceased members of the parish on Monday morning the 17th. On Sunday the 15th, the ladies of the Altar society will serve another of their famous chicken dinners.

No doubt there are many members who have moved away who will avail themselves of the opportunity to return for the Golden Jubilee to meet friends of yesteryear.

**PERRY-JEDLISS**

The home of Mr. and Mrs. James Perry was the scene of a very pretty wedding Friday afternoon at 2:00 o'clock, when their son, LaVern Perry, of Detroit, was united in marriage to Miss Mary Jedliss, of that city.

The bride was very lovely in a gown of white crepe and her corsage was of pink roses and lilies of the valley. Mrs. Gene McEachron was her sister's only attendant and the groom was attended by his brother, Lloyd Perry.

Out-of-town guests in attendance at the wedding were: Mr. and Mrs. Harold Mattoon and family, of Pontiac; and Mr. and Mrs. Lloyd Perry and Mr. and Mrs. Gene McEachron, of Detroit. The bridal party enjoyed a wedding supper at the Perry home, table decorations being carried out in pink and white and the dinner was made elaborate by a huge wedding cake.

The young couple are spending this week at the home of the groom's sister, Mrs. T. J. Wells, after which they will return to Detroit where they will make their home.

**GOV. BRUCKER HERE NEXT THURSDAY**

Ex-Governor Wilbur Brucker will be in Grayling next week Thursday, August 6th and at 12:30 o'clock noon will give a talk at the band stand in the court yard and hopes to be able to meet as many people there as possible. Mr. Brucker is a candidate for U. S. senator and this is a good time to hear what he has to say. Keep the date in mind and plan to be at the band stand in time to hear him. His stop will be short so please be on time.

We're sorry that we were misinformed about Billy Harrison being married. He says he is not and so that's that. This item appeared in the Clerks column last week. We apologize.

**For Circuit Judge**

Since Edward A. Bilitzke is a candidate to succeed himself as judge of the 34th judicial circuit of Michigan, it will be interesting to learn of some of his experiences in his legal career.

Judge Bilitzke was born in Cheboygan, Mich., May 3, 1899. He graduated from the Cheboygan High school and later studied law and graduated from the Uni-

JUDGE E. A. BILITZKE

versity of Detroit in 1922. While attending college he was employed in the office of Thomas A. E. Weadock, of Detroit, who is now dean of the Bar of Michigan.

In 1922 he was admitted to practice and immediately moved to Gaylord and formed a partnership with Willis L. Townsend, then Judge of Probate of Otsego county.

Mr. Bilitzke was prosecuting attorney of Otsego county during 1927, 1928, 1929 and 1930. In January, 1931, he was appointed assistant attorney general of Michigan, by Paul W. Voorhies, attorney general. As assistant attorney general he had charge of all criminal appeals in the Supreme Court; and conducted many grand jury investigations and prosecutions for the state.

In 1933 and 1934 he was legal advisor to Governor Fitzgerald, then secretary of state, and was in charge of the legal department in the Detroit area.

In 1935 he was appointed assistant attorney general by Harry S. Toy, attorney general, and continued in that capacity under attorney general David H. Crowley, until his elevation to the bench. In January 1935 he was assigned as attorney for the Michigan Public Utilities Commission during which time he had charge of the investigation of the rates of Michigan's two largest utilities, namely, Consumers Power Company and Michigan Bell Telephone Company.

In addition to the above utility cases handled by him as assistant attorney general, he had charge of the following important cases in the Supreme court of the United States:

Michigan-Wisconsin boundary dispute in the Supreme court of the United States, which was settled in favor of Michigan in April of this year.

The Ne-Bo-Shone fishing case, involving the right of the public to fish in the navigable waters of this state. Michigan's victory was obtained in the U. S. Circuit Court of Appeals in March of this year.

Counsel for the state of Michigan in the case against the city of Chicago involving diversion of water from Lake Michigan; said case pending in the U. S. Supreme court for the state of Michigan in the U. S. Supreme court in the case of Worden Grocer Company of Grand Rapids involving collection of corporation taxes; resulting in a decision in favor of Michigan.

On May 5, 1936, he was appointed circuit judge of the 34th Judicial Circuit by Governor Frank D. Fitzgerald, following the death of Judge Guy E. Smith, and he is now a candidate to fill out the unexpired term.

Mr. and Mrs. Lawrence Trombley and son, of Saginaw, visited at the home of Arthur Clough over the week end.

Mr. and Mrs. Rex Wood, and son Arthur, of Detroit, visited Mrs. Olaf Michelson at Lake Margrethe Thursday and Friday. Mr. Wood is a nephew of Mrs. Michelson.

**Lovells**

Mr. and Mrs. Ralph Warner and children and Benny Jorgenson arrived last Thursday to spend a week at the home of Mrs. Rasmus Jorgenson, mother of Mrs. Warner and Mr. Jorgenson. On Sunday, the Warner family, accompanied by Mrs. Jorgenson and Mr. and Mrs. Edward Mayotte, toured the upper peninsula.

On Saturday afternoon the Wetomachick Campfire girls and their counselors returned home after a week of strenuous and various activities.

Everyone of the twenty-seven girls completed a nature book which was one of the handicraft projects. In making this they did book binding, starch painting and Japanese sewing. Between the covers of the book are contained all the nature study material given to them by Miss O'Beirne. The girls will find this material of great value in their future work in nature study. Just the material on the stars is worth much as it has been compiled by Miss O'Beirne after an extensive study of many books.

Several of the girls completed wall hangings on which they drew original symbols which express their ideals for themselves. The work in symbols will be applied in working out their headbands and in decorating their ceremonial gowns.

On Friday afternoon the campers packed blanket rolls over their backs and hiked to a beach near by. After a "cook-out" of corn chowder the girls then went to a high hill where they settled for an evening of star study and a night of rest. Jane Ann Martin, Mary Jane Joseph and Jane Labine won nature honors by being able to know and distinguish all the first magnitude stars in the sky that night.

Another camp achievement was the acquiring of a repertoire of camp songs which will be heard in the homes of Grayling for some time to come. They learned to do beautifully the motions to the Campfire song "Mammy Moon," which is to be sung at our Grand Council Fire in August.

One of the features of the week at camp was to write a "Camp Wetomachick" song. Mary Jane Joseph has the honor of writing the song adopted. It expressed well the sentiments of the girls for their camp.

Song of Camp Wetomachick (Tune—"Tavern in the Town") There is a camp on Lake Margrethe, Lake Margrethe; There is a cottage and there we sleep, there we sleep. And there we hike, swim and go boating too, And never, never do feel blue. Oh, how it always grieves me When the time does come to leave thee.

Oh Camp Wetomachick on Lake Margrethe shore, Come on, come on, you girls to camp, yes to camp.

We'll study nature, yes and tramp, yes and tramp; And then we'll take a swim and have a lot of fun; So won't you come with us to camp.

Alvin LaChapelle is at Mercy Hospital nursing a deep cut on the side of his head. While making the run to the fire at the Ray Denno home late yesterday afternoon with the fire department of which he is a member, he fell from the fire truck as it was rounding a corner, striking on his head.

The Junior League Baseball team goes to Gladwin next Friday to play the League leaders from that city. Anyone who will donate the use of their cars for this trip will be appreciated. If you will donate the use of your car the Legion management will furnish capable drivers for same. Let Oral Levan "Blackie" or Alvin LaChapelle know at your earliest convenience please—and thanks.

A card received from Miss Margrethe Hemmingson mailed at Oslo, Norway, says she is having a wonderful trip. She writes that she and Robert Heribson would be going to Stockholm, Sweden the next day and then back to Denmark. Miss Margrethe, together with Mrs. Olga Boeson and grandson Robert Heribson are enjoying a European trip, expecting to return early in August.

The next big thing for those who want amusement and entertainment will be the Kiwanis minstrel show August 12th. A fine cast under direction of Eddie Robinson is about ready for the footlights, and it's going to be a humdinger of a show. Don't miss this if you don't want to be sorry. Price 35c and is worth many times that amount. Youngsters 20c. Reserved seats are 10c extra; get them at Olsen's drug store. The money is to be used by the Kiwanis club for the Boy Scouts and for music.

George Welsh of Grand Rapids, Democratic candidate for governor, will be in Grayling next Tuesday evening and will speak in the court yard at 8:00 o'clock. Of course Mr. Welsh will discuss politics. He is running in the primary election against Frank Murphy of Detroit. You Democrats will want to hear him, and Republicans too should not miss the opportunity. If we were permitted to prophesy who would win the primary election we would pick Mr. Welsh as against Mr. Murphy. Mr. Murphy's principles are already quite well understood and apparently he isn't very popular among Michigan Democrats.

All white shoes at 1-5 to 1/2 off at Olsons.

Mr. and Mrs. Ralph Hollowell of Ann Arbor are stopping at Lake Margrethe for a few days. They formerly resided in Grayling, residing in the Nick Schjotz house across from Legion Hall.

The fire department made a run to the home of Ray Denno late yesterday afternoon when the roof of the house was discovered on fire. A couple of workmen however had put it out before the department arrived.

Beginning August 1st Grayling Dairy and AuSable Dairy will advance pasteurized milk prices as follows: Milk, qt. 12c; Cream, 1/2 pt. 18c; pint 35c; qt. 65c. Increase in butterfat prices and shortage of dairy feed has made this necessary. Other leading dairies throughout Michigan have also found it necessary to raise their prices.

## Annual School Meeting Grayling Township Dist. No. 1

The Annual School Meeting of Grayling Township District No. 1 was held in the domestic science room of Grayling high school on Monday, July 13, 1936.

The meeting was called to order by President T. P. Peterson who requested the Secretary to read the call of the meeting. The call of the meeting was read and also the minutes of the last Annual Meeting. The minutes were approved as read.

The Secretary was then asked to read the financial report of the past year; the report was read and showed a balance on hand of \$24,854.86. On motion made by Fred R. Welsh and supported by Charles E. Moore the report was accepted and adopted. Motion carried.

The annual budget as presented to the County Board of Tax Commissioners was next read by the Secretary and he stated that the per centum allowed by the Tax Commissioners was 2 1/2%. Moved by Carl Jensen and supported by Dr. S. A. Stealy that the budget be accepted and adopted. Motion carried.

The election of trustees followed and the President appointed as tellers Zylber, Maurice Gorman and Dan Babbitt. They were sworn in by Probate Judge Charles E. Moore.

T. P. Peterson and George Bielski were nominated for the office of first trustee for three years. T. P. Peterson received the greater number of votes and was declared elected.

James McDonnell, A. L. Roberts, Dr. S. A. Stealy and George Bielski were nominated for the office of second trustee. There was a division of votes and no one had a majority. Before voting again Dr. Stealy and A. L. Roberts withdrew their names and then James McDonnell received the greater number of votes and was declared elected.

Emil Giegling was nominated for the third trustee, this being for a vacancy with the term ending in two years. Ballots were passed and Emil Giegling received the greater number of votes and was declared elected.

A general discussion about a school band took place and the President asked for a rising vote of all who were in favor of having a school band and all except two of the thirty-four present were in favor of a school band.

There being no further business, on motion made and supported the meeting was adjourned.

R. O. Milnes, Secretary.

BILLY MINK AND LITTLE JOE  
OTTER DECIDE TO GO VISITING

AFTER visiting the Smiling Pool and warning Little Joe Otter and Jerry Muskrat to watch out for traps, Bobby Coon decided that the Laughing Brook was altogether too dangerous a place for him, so he turned back into the Green Forest and firmly resolved to keep away from the Laughing Brook. Billy Mink and Little Joe Otter talked things over.

"I found three traps," said Billy Mink. "There may be some I have not found. Anyway, it is certain that when that trapper finds

"I believe I'll go away for a visit."

that I know about those traps he will set some more. I don't believe he is smart enough to hide a trap so that we can not find it. But, you know, accidents will happen. He knows that you and I make our homes along the Laughing Brook and he will simply make life miserable for us by continuing to set traps. Do you know what I believe I'll do?"

"What?" said Little Joe Otter.

"I believe I'll go away for a visit," replied Billy Mink. "I've been feeling rather restless for some time anyway, and there isn't any better time of year to go visiting than right now, before the snow and ice come. There's a certain brook some distance from here that for a long time I've been thinking of visiting. I believe I'll start tonight, and I'll stay long enough for this trapper to get tired of setting traps and catching nothing."

"That's a good idea," said Little Joe Otter. "I believe I'll go visiting myself. I always did like to travel. There is no sense in taking foolish risks, and that is just what we would be doing by staying here. I think I'll go down to the Big River and stay a while. The fishing here isn't as good as it might be, anyway. I wonder if Jerry Muskrat will go visiting, too. Let's tell him what we are going to do and see if he wants to go along with one of us."

"He can't go with me," declared Billy Mink in a most decided tone. "He travels too slow. I don't believe he would want to go with me anyway, because, between you and me, I suspect Jerry is a little afraid of me."

Little Joe Otter grinned. "I guess he has reason to be," said he. "I've been told that the Mink family has a liking for muskrat meat. I hardly think he'll want to go along with me either because he is such a home-loving body. But anyway, we'll tell him what we're going to do and then he can do as he pleases."

So Billy Mink and Little Joe Otter told Jerry how they were going to fool the trapper by going visiting. They urged him to do the same thing.

## What S. Cobb Thinks about

An Immortal Creation  
BEVERLY HILLS, CALIF.  
—The future has a rotten trick of musing up the judgments of the present. What a pity it is that we can't wear our hind-sights in front.

When I read where some ponderous performing pachyderm of the literary elephant quadrille says, "This story will live forever," I get to thinking about a time-elapsed copy of a metropolitan newspaper that was printed on November 20, 1933.

It devoted great gobs of praise and nine-solid columns very solid-to-the-eloquence of the Hon. Edward Everett, who, on the day before, after months of preparation, on a battlefield down in Pennsylvania, spoken two hours and turned loose enough oratory to fill about nine gas balloons. But of the subsequent and incidental remarks of another man, an awkward, shy man from Illinois, who had spoken just two minutes, it said, "The President was also heard briefly. The applause was formal and scattering."

Prejudices of Critics  
OFTEN, 'twould seem, the professional reviewer makes up his mind beforehand that he doesn't like you and behaves accordingly.

A friend sent me a clipping from a small city—it dealt with the opening of the picture, "Everybody's Old Man." The writer was quite severe in his analysis. He didn't like the film. Passionately, he didn't care for me.

The joke was that the theater where the picture was to have been shown burned down just about the time the paper went to press, and the picture wasn't ever shown in that town.

The next best illustration of the point I'm making dates back years ago. I was discussing various novelists with that gentle wit, the late Oliver Herford.

"Ollie," I said, "what do you think of So-and-So's books?" "My dear Cobb," he softly murmured, "something I once wrote about him—in a critical way—so prejudiced me against the man I could never bear to read any of his books."

Self-Anointed Dukes  
OUT here we're waiting for that Spanish baron and that French count back in New York to form the mother branch of their Noble-men's club for the protection of holders of genuine titles in America and, presumably, as a guarantee to our own home-grown heiresses that, when they marry foreign princelings or what not, the goods will be as described. There's been a lot of title-legging, you know.

As soon as the organization gets started we're going to open the Hollywood division. Since only the authentic nobility may qualify, it's figured that the active roster will be confined to a very limited group.

The State of the Nation  
FAR be it from me to turt alarmist right on the heels of the hot wave, but I feel it my duty to warn my fellow-Americans that this fragile and crumbling republic is doomed. That is, it's doomed if you can believe what comes out of our sainted political leaders in the way of predictions.

Hark to the quavering chorus which already has started up: A crisis exists. Every professional crisis-breeder in the land openly admits it. I can't remember when a crisis wasn't existing. But they come larger in campaign years. We are facing a dread emergency which has had no parallel since the last occasion when we faced a dread emergency. This very hour the nation totters on the brink of an abyss. It has been tottering ever since George Washington was President—tottering worse at times, but always on the tot.

Miracles and Misdemeanors  
ONCE upon an early time there was a man so holy that even the wild creatures would not harm him. He drew a thorn from the paw of a tame lion and the grateful beast followed after him. So he became a saint.

French Mourn Ghost Coder  
Two hours in all parts of France are mourning the loss of her famous ghost coder, Bernard G. Janssen, the French botanist, took it back from Lebanon in his last. He gave it to the science minister of the Fifteenth, and M. Tru-daine planted it in his park at Montigny-Lancoup, near Provins. There since the middle of the Eighteenth century it remained, waxing in girth and stature till it became, at the age of 180 or thereabouts, the biggest tree in France. At its prime it stood 105 feet high, was 30 feet in circumference, and its branches shaded a thousand square yards.

THE VANISHED COIN

There are various methods whereby a magician can make a coin vanish. This particular way, however, is both startling in its effect and easy in its execution.

Holding the coin in his right hand the magician strikes it downward upon his left palm. "One—two—three!" At the third stroke, both hands are shown quite empty.

Very little practice is needed. The trick comes when you raise your hand for the third downward stroke. Your hand will be just above your head. Simply release the coin and let it drop in your hair.

Promptly bring the right hand downward as you say "three," and people will stare to see that the coin is missing.

# "I sell the Best Gas you can Buy"

WE'RE GLAD our men can sincerely say Mobilgas and Mobilgas Ethyl are the best gasolines. We think car owners like to deal with people who believe in the products they sell.

As for evidence of Mobilgas quality, just consider this fact:

Today... Mobilgas is the largest-selling gasoline in America. In other words... more motorists prefer Mobilgas!

This Summer, stop at Mobilgas Dealers and Stations for all your motoring needs.

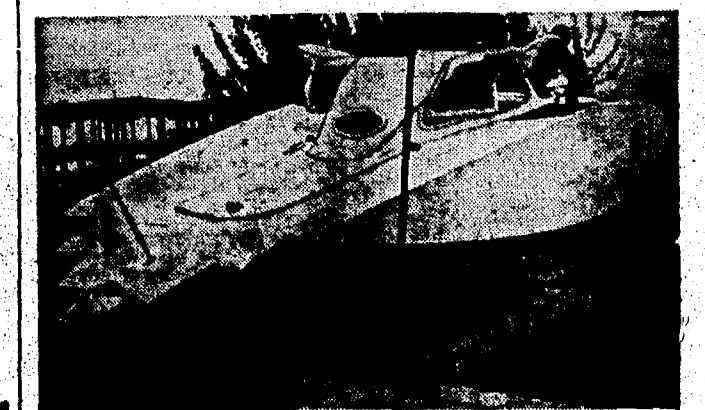

We believe their Friendly Service... on the road, as well as at home... will please you as much as the good products they sell. Wherever you go, look for the Sign of the Flying Red Horse.

## STREAMLINED GIANT HAULS REXALL TRAIN THROUGH THIS SECTION

When the million-dollar Rexall Convention Train comes to this section, it will be hauled by a 350-ton streamlined monster locomotive which is making railroad history. This engine is pulling the 12-car train the full 29,000 miles of its tour. Such a long haul without relief locomotives has never before been attempted, railroads say. Conventions for Rexall and Liggett druggists are held aboard the train. At all stops the public is invited to inspect the engine and the four exhibit cars included in the train.

## REXALL TRAIN TO SHOW IN SAGINAW AUG. 7

The Rexall Train, world's first convention train, which will stop in this section during its eight months journey, is creating tremendous interest along the route of its 29,000 mile tour through the United States and Canada. In the first three months of the trip, more than 800,000 inspected the exhibits aboard the 12-car train and its specially built 350-ton streamlined locomotive.

Conceived by the United Drug Company to hold conventions of Rexall agents in 109 cities and towns in every state in the Union and in Canada, the train is revolutionizing sales technique by taking the convention to the dealer's doorstep instead of asking him to travel long distances and take off several days from his business. The schedule is so arranged that few Rexall dealers need travel more than 100 miles from their stores. As a result over 90 per cent of dealers in the territories already visited have attended conventions held aboard the train.

Designed especially for convention purposes, the train includes four cars for merchandise exhibits, two cars which comfortably accommodate 250 in convention sessions and are used at night for dancing by those attending the convention, a cafeteria-diner serving lunch and dinner for Rexall agents and their guests at the meetings and a lounge car for their convenience. The entire train is air-conditioned. A power car—the first built by the Pullman Company for such an enterprise—two cars with sleeping accommodations and a private car for United Drug Co. executives compose the remainder of the train. A permanent crew including the company's sales officials of 50 is carried on the train.

Hauling the 12-car Rexall Train is a gigantic 350-ton locomotive its streamlining specially designed by the New York Central railroad. This engine is pulling the train on its 29,000 mile journey without relief, an unprecedented record in railroad annals. An engine foreman has been assigned to the train for the entire trip to supervise sectional engineers who run the train in the different parts of the country.

The train left Boston, Mass., March 29, making a few stops in the East. On the first leg of its trip, every state west of the Mississippi River was visited running up a mileage of more than 14,000 miles. The final 15,000-mile stage will take the train into states east of the river and into Canada, the long trip ending in late November at Atlanta, Ga.

The train will show in Saginaw August 7. Mr. McNamara of Mac & Gidley's says that free tickets may be had at their store.

## MILES CALLAGHAN ANNOUNCES CANDIDACY FOR SENATE

Lansing, Mich., July 29—Miles M. Callaghan, veteran member of the state house of representatives from the Clare-Oscoda district, announced today that he would be a candidate for the republican nomination for state senator from the 28th district. Callaghan's announcement followed closely the action of a large number of

MILES CALLAGHAN

friends, including Senator Ben Carpenter of Harrison, urging him to become a candidate. Carpenter will not be a candidate for re-election.

In making his announcement Representative Callaghan said: "I am taking this action as a result of solicitation on the part of many republicans representing every county in the 28th district. These friends have circulated my petitions which have been filed with the secretary of state and which contain several hundred names of persons interested in my candidacy."

"The 28th district is a large one—containing ten counties and extending almost two hundred miles from one boundary to another. It has a multitude of interests and problems, including public welfare, and many industries among which are agriculture, commercial fishing, manufacturing, resort business, and highway projects. Within recent years development on a large scale of the gas and oil reserves has added another major industry to the district."

"Because of by eight years' experience in the house of representatives I have gained a wide knowledge of legislative affairs and feel confident that I can represent with success the 28th district, with its varied interests. "I am appreciative of the duties connected with the senatorship post and am fully prepared to meet and carry out these duties to the best of my ability and on a full-time basis."

"If nominated and elected, I expect to carry on an aggressive battle for the wide-spread interests of the 28th district and pledge my untiring efforts in support of intelligent and beneficial legislation."

## Dedicate Kiwanis Forest Monument

A Kiwanis project representing ten years of effort devoted to the planting of pine in Michigan's north woods will be permanently memorialized August 2 at 2:30 p. m. with the dedication of the Kiwanis Forest Monument a half mile south of the Lumbermen's Memorial in the Huron National Forest.

Coming on a Sunday, the dedication ceremonies are expected to draw a large number of Kiwanians and visitors who are concentrated in the forest area for the Fourth Annual Tawas Bay Water Carnival and Regatta.

Constructed of stone, each of which bears a plaque or insignia, supplied by the various state Kiwanis Clubs which have been instrumental in reforesting the 10,000 acres, the memorial is located fourteen miles from the Huron Forest headquarters at East Tawas. To the north stands its neighbor, the Lumbermen's Memorial, overlooking the broad waters of the AuSable River.

The Kiwanis Forest was designed to stimulate interest in reforestation and conservation. In 1928 it was conceived by Harry Black, Flint attorney, and R. G. Schreck, East Tawas, then supervisor of the Huron Forest. 500 persons attended the first planting of the pine and five thousand acres were planted out with the combined labor efforts of the forest and the Kiwanians at a cost of \$1.94 an acre, bringing the total plantation cost paid by the Kiwanians for the initial year to \$700. In 1929 the same plantation program was carried out at the same cost and on the same labor arrangement.

At the first dedication a lunch was served, relates T. F. Marston, secretary-manager of the East Michigan Tourist Association, admission to which was by a stone, the thought behind the gesture being the present memorial.

At each of the two dedication ceremonies, a member of the United States Forestry Staff officiated and each person present planted a small tree along the highway.

Kiwanian Harry Black is honored with a special stone block in the monument which is nine feet high and five by six feet at the base.

Lt. Governor Ralph M. Hunter will be master of ceremonies at the dedication. The memorial will be unveiled by Harry Black.

Principal speakers on the program are Governor Vern Chase and E. A. Sherman, Assistant Chief United States Forestry Service, Washington.

Joe Dermody, former publicity director of the East Michigan Tourist Association, is honored on the E. M. T. A. stone.

The United States Forest Service is honored with a stone at the very top of the monument.

## WOMEN AND FISH

Ever since the world began, women seemed to have a grudge against fish. How anyone, including their husbands, can be interested in such slimy, ugly creatures is beyond the comprehension of most women. When a man goes fishing and returns with a string of fish most women will take one look at them (not the husbands) and turn their heads in disgust, unless it means supper. Many women wonder what it is about a fish that attracts their husbands. A fish certainly hasn't much sex appeal even though some have big, brown eyes, and many a wife actually becomes jealous of a fish. Why must they sit home while their husbands spend five dollars for a guide and stays out late trying to catch a measly fish or two.

Families have actually been broken up by the influence that fishing has over a man, but as long as fish remain in the lakes and streams, men will attempt to catch them and nothing in the world can stop them.

**I Crossed the Continent on a Cupful o' RED CROWN!**  
brasts *Kermit Lidder*

"It's something of a hobby with me—crossing the continent is. But, old experienced continent-crosser that I am, do I have my eyes opened this Spring? I do! "Always before, I make the trip by foot, figuring I'm money ahead if other folks buy the gasoline. This time, though, I get reckless. I decide to forget expense and go in my own car. 'But, Kermit,' I says to myself, 'don't go completely nuts all at once. Take it easy and gradual,' I says. "That's sensible, so I start it off with just one tea-cupful of gasoline in the tank. And right there is where I get my eye-opener: It happens to be Red Crown gasoline that I buy. And do I have to make another single stop for gas the whole way across? I do not! That one cupful takes me coast to coast, and I even have trouble stopping the car when I get to the Golden Gate!"

**We don't believe Kermit could really have been serious about this matter. In fact, we don't believe there is any such person. It is a fact, though, that many motorists do have false or exaggerated ideas about gasoline mileage. That's why Standard Oil is conducting a great public road test this summer, in which thousands of motorists are taking part.**

**Reports already indicate that many are learning valuable new facts about the economical operation of their cars—discovering how to use gasoline more efficiently—finding out which brand of motor fuel does the best and cheapest job for them. Even if you aren't entered in the World's Greatest Road Test, it will pay you to**

**LEARN THE TRUTH ABOUT GASOLINE MILEAGE**

**HAVE YOUR STANDARD DEALER FILL YOUR TANK WITH STANDARD RED CROWN.** Then note carefully how many miles you drive before you need gasoline again. Compare that mileage with any you've ever gotten before.

**We know from our own tests that Standard Red Crown is good for fully as long a mileage as any regular priced gasoline on the market. But rather than make claims, we prefer to let Standard Red Crown speak for itself.**

**BE SURE YOUR CAR IS SAFE TO DRIVE—THEN DRIVE SAFELY!**
